WWW.SONIKSPORTS.COM

A very warm welcome from everyone here at Sonik Sports, both in the UK and across Europe.

We are delighted to introduce the Sonik 2025 product range.

Here at Sonik we are dedicated to designing items of tackle that meets the varied demands of anglers everywhere!

Our product range is trusted globally, offering reliability and exceptional value that help anglers achieve their fishing goals, no matter where in the world they fish.

Our operations span from our headquarters and warehouses in the UK and Czech Republic, to our dedicated teams in product design, customer service, sales, marketing and management - all committed to supporting you, our esteemed customer.

Dive into the pages of the 2025 catalogue, and remember, we are just an email away. Don't hesitate to reach out for any assistance or inquiries, we are always here to help.

From all of us at Sonik Sports, we wish you the very best for 2025 and beyond.

# HEROX

## CARP RODS

# HEROX

- > Slim, lightweight sleek black carbon blank
- > Progressive casting action with super fast tip recovery
- > Super-light M-SERIES DL black guides
- > Hard wearing Anti-frap ceramic tip ring
- > 40mm guide pattern on 10ft models
- > 50mm guide pattern on 12ft models and above
- > 17mm black DPS reel seat to house all big pit reels
- > Line friendly custom contoured Sonik clip
- > Slim Japanese shrink wrap butt grip with handle flare
- > Black anodised butt cap laser etched with 'S' logo

## HEROX SERIES CARP RODS

Here at Sonik, we know carbon construction inside out and scour the globe for the best possible materials at the best prices. The result of this extensive effort, combined with our intimate knowledge and experience in designing some of the best carp rods on the planet, has resulted in HEROX. The HEROX series of rods are leaner, lighter and faster than any of their predecessors at this price-point. Progressive power gives these rods true multi-range performance and of course they have the backbone to cope with large PVA bags and hard fighting fish. We've kept the fit and finish streamlined and sleek in trademark SONIK style with full shrink-wrap handles, blacked-out fittings, a slim DPS17 reel seat and discrete HEROX green tippings.

## SK-47 SERIES CARP RODS

The SK-47 range of carp rods are truly outstanding in both performance and price point. Designed to cover many different applications in carp fishing, these are an out-and-out work horse of a rod. From close-quarter-battles to long distance casting, the blank is exceptionally powerful, yet forgiving at close range. Aesthetically pleasing to the eye with a classy Axial armoured-carbon finish and fitted with super-light M Series DL black guides, the SK-47 has been built utilising high modulus carbons. Other features include anti-frap tip ring, slim Japanese shrink wrap handle and a line friendly custom contoured Sonik line clip. There are 50mm guides on all models except for the 10ft versions. The range offers two 10ft models covering 3-3.5lb tc, three 12ft models from 3lb to 3.5lb tc a 13ft 3.5lb model and a 12ft Spod/Marker rod to match.

## KRAFT SERIES CARP RODS

NEW

Engineered for strength, designed with cutting-edge carbon technology and meticulously crafted to optimize casting distance. Power is nothing without control and the KRAFT rod range delivers pinpoint accuracy thanks to the new Bulletpoint™ tip construction. We've tuned these new technologies into a fast action blank that delivers exceptional casting performance without excess weight. At the heart of the blank is a core of low resin high modulus carbon fibre that is interwoven in multiple levels throughout the walls of the blank, ensuring unparalleled strength. Available in 10ft/12ft and 13ft lengths with test curves starting from 3.5lb and rising to 4lb in the 13ft model for those that seek ultimate distance.

Finished off in our understated Sonik style with a full shrink rubber handle and custom CNC machined matt carbon reel seat these rods are sure to impress on and off the bank. Take your carp fishing to the next level with KRAFT rods, engineered to deliver unparalleled performance, power, and precision.

# GRAVITY

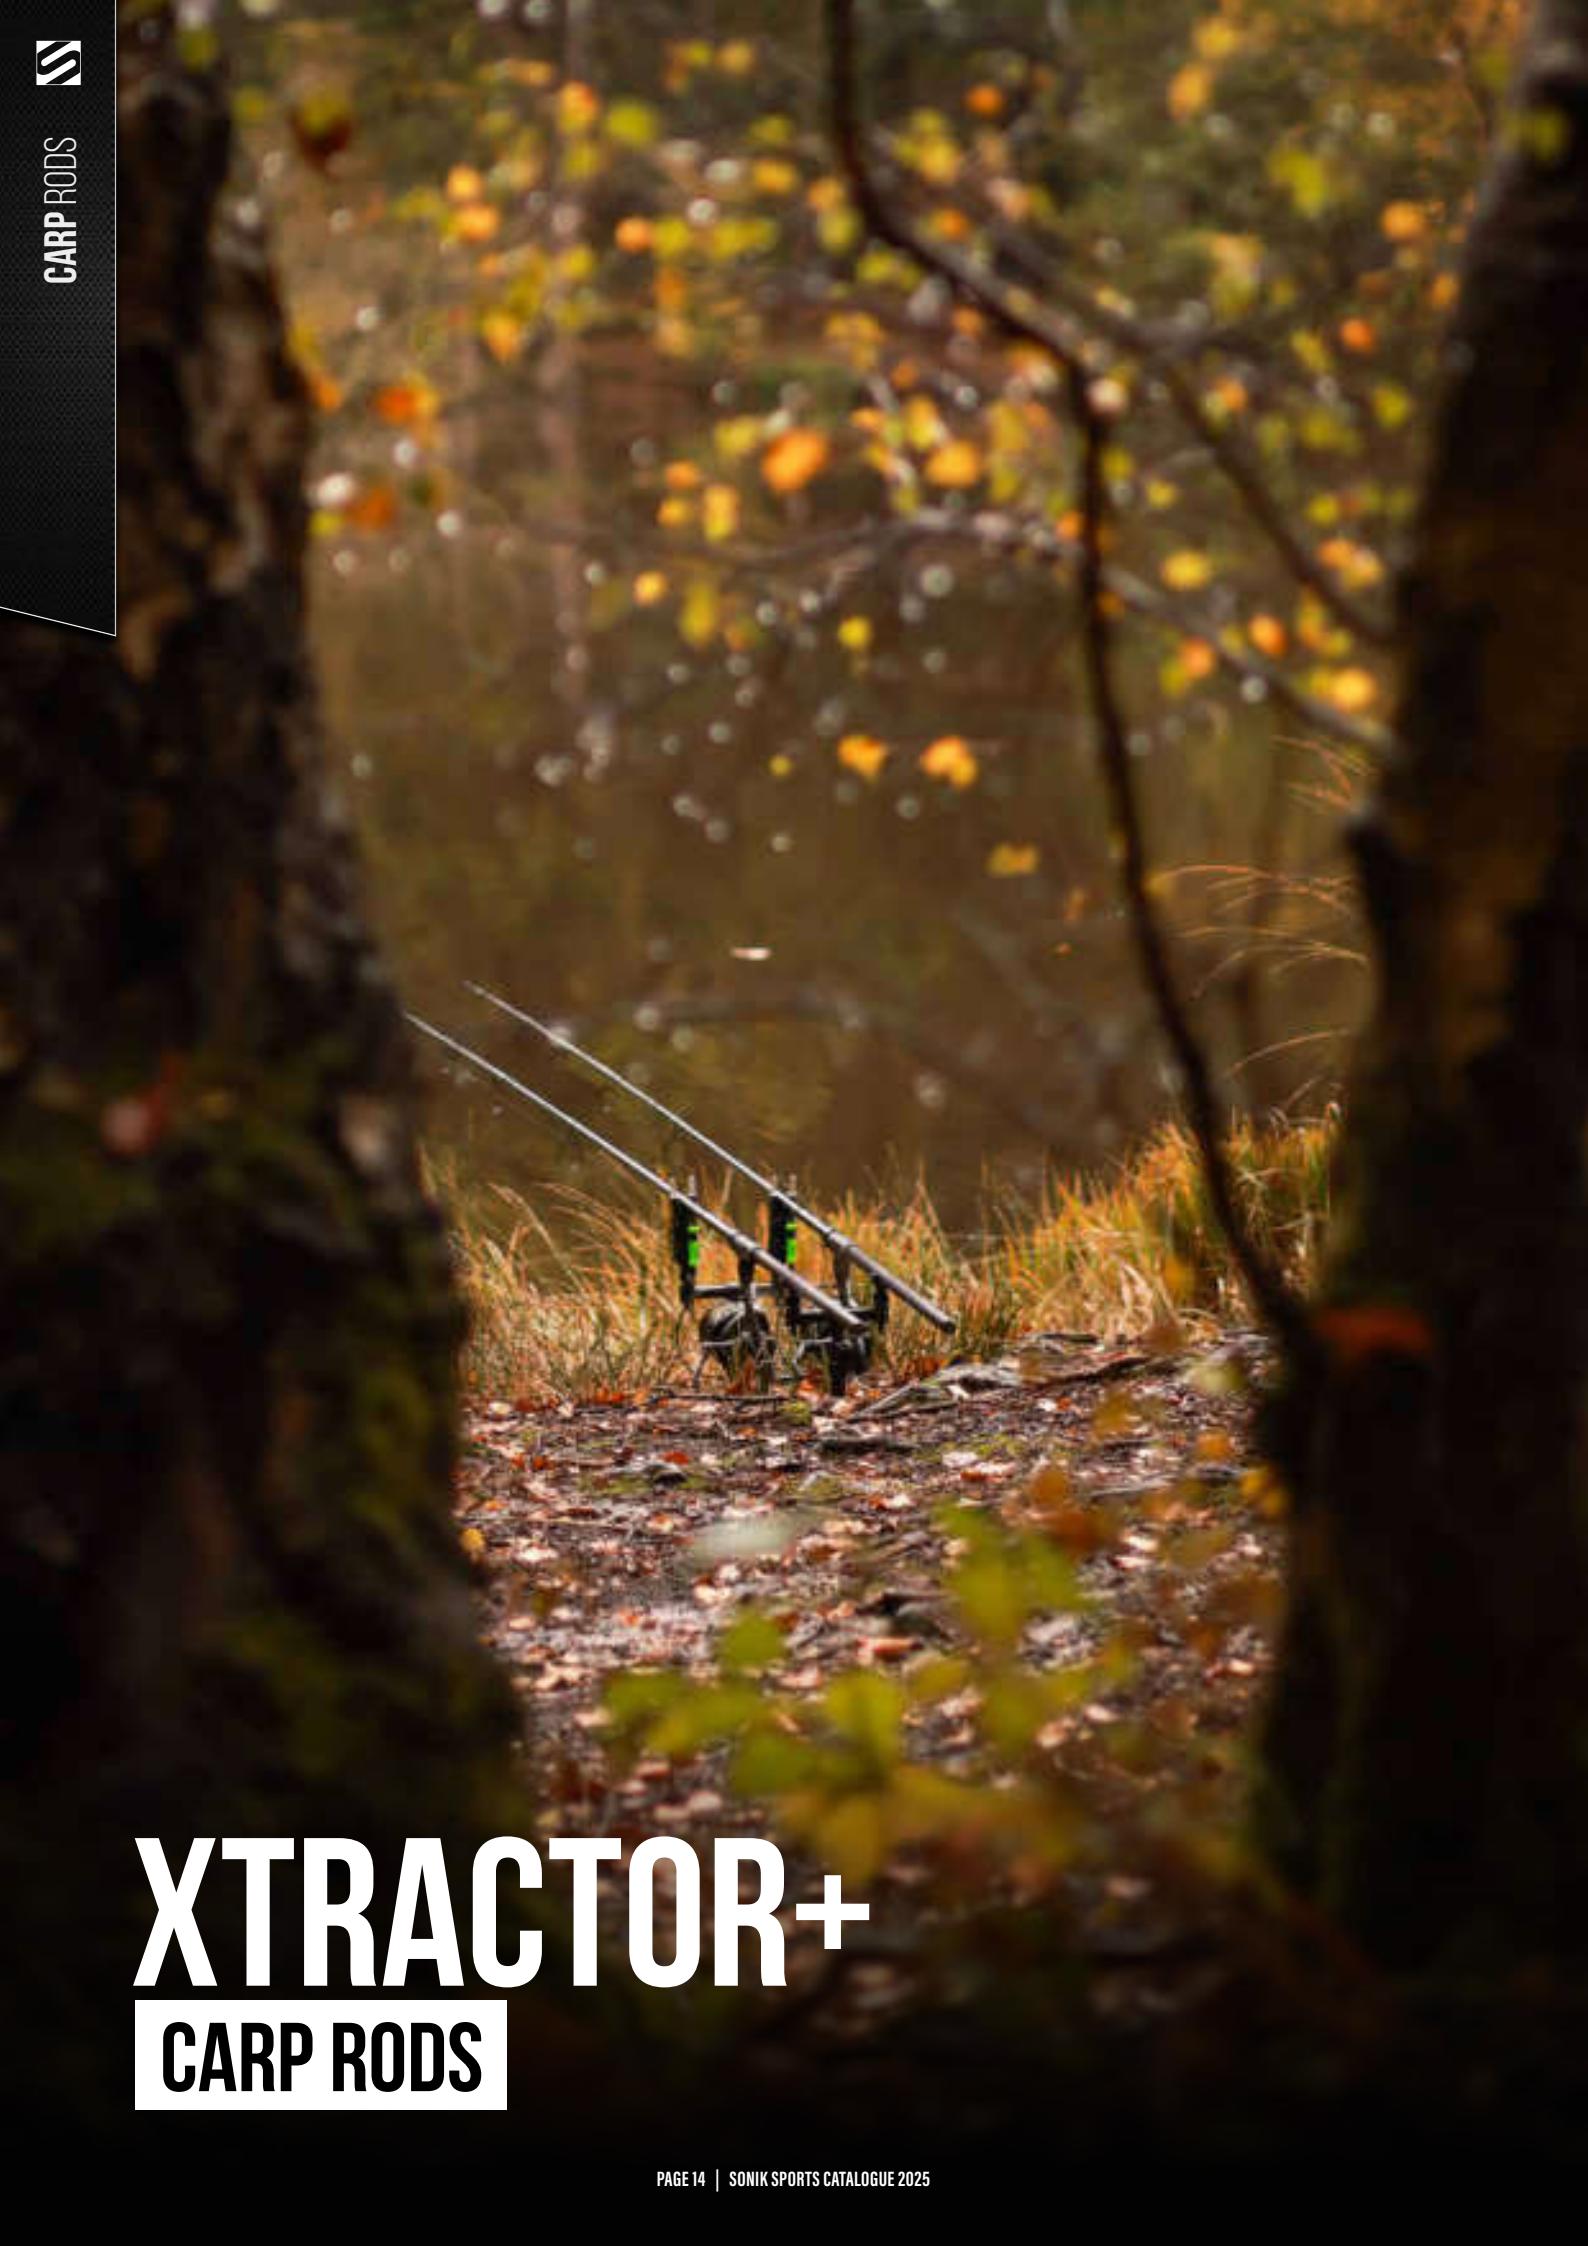

- > High modulus low-resin carbon blank
- > Multi-directional tip section carbon lay-up
- > Extra powerful casting action with super fast tip recovery
- > Anti-Torsion-Core (ATC) handle construction
- > Sleek semi-matte armoured-carbon finish
- > Ultra-lite SEAGUIDE TDG PVD coated DL black guides
- > Seamless-weld anti-frap ceramic tip ring
- > 40mm guide pattern on 10ft (3.04m) models
- > 50mm guide pattern on all other models
- > 17mm black DPS reel seat to house all big pit reels
- > Slim Japanese shrink wrap butt grip
- > Black anodised butt cap laser etched with 'S' logo

## GRAVITY SERIES CARP RODS

The high modulus, low resin carbon blank allows for an extra powerful casting action and features a super fast tip recovery! In addition the handle features an Anti-Torsion-Core, providing more power for casting without compromising the action of the rod blank. The blank has been fitted with ultra-light Seaguide TDG PVD coated DL black guides which further aid the casting ability of this rod...in the right hands the sky's the limit! Finished with a sleek, semi-matt armoured carbon and a slim Japanese shrink wrap handle the Gravity is in a class of its own. Other features include seamless weld anti-frap tip guide and a DPS 17mm reel seat which will compliment most modern-day big pit reels. All models with the exception of the two 10ft versions carry 50mm guides. There are two 10ft models 3lb-3.5lb, three 12ft versions 3lb, 3.25lb and 3.5lb and a 13ft 3.75lb for the out-and-out distance seeker. There is also a dedicated 12ft Spod/Marker rod available.

## XTRACTOR+ SERIES CARP RODS

NEW

XTRACTOR is one of our longest serving and most successful rod ranges ever and for a good reason. The previous range set new standards in terms of performance, quality, reliability and value for money, demonstrating perfectly our carbon engineering prowess. So, it is with great pleasure that we introduce the new XTRACTOR+ range. What's changed? Well, quite a lot! We've now been able to incorporate high modulus C6 carbon into all the XTRACTOR+ blanks, making them even lighter and more responsive. The new RAW carbon finish is super tough and gives a glimpse into the internal construction of the blank. Built using super-light M Series DL black guides, a deluxe matt black DPS reel seat and a slim Japanese shrink rubber handle with a subtle flared grip. The range covers compact rod lengths extending to 6ft, 9ft and 10ft, a 9ft and 10ft dedicated spod rods, plus the addition of an 8ft Xtractor+ Recon. Test curves covered are from 2.75lb through to 3.5lb, depending on length of rod. All models in the range carry a 40mm butt ring and anti-frap tip guide. Xtractor+ once again sets a new standard in compact carp rods!

SKU	DESCRIPTION	CLASS

## XTRACTOR PRO SERIES CARP RODS

The XTRACTOR range has been expanded and further refined with the addition of the XTRACTOR PRO rod range, offering enhanced short rod performance.

Refined actions and super quick tip recovery have been achieved, thanks to the ultra-high modulus Lite-Ply 1k carbon blank.

These retractable rods are perfect for those looking for top performance with actions that are a delight to use, especially when playing big and are built for the harshest of environments.

There are both slim Japanese shrink and cork handle models in the range of 11 rods, covering nine and ten foot lengths. All models below 3.25tc carry a 40mm butt ring and 3.25lb and above carry a 50mm.

# HEROX

- > Wormshaft gear system
- > Floating rotor line guard
- > Independent free spool rear drag
- > Quick-Torque front drag system
- > Twin spring-loaded captive line clips
- > Graphite body and rotor
- > Sleek matt black finish
- > Instant anti-reverse
- > Oversized twist free line roller
- > Micro line lay adjustment washers
- > Matt black anodised aluminium handle with rubber grip

## HEROX FRS SERIES CARP REELS NEW

The HEROX FRS reels are designed for reliability and tough fishing conditions. Ideal for anglers who prefer a dual drag free spool reel with a large line capacity.

Featuring a micro-adjust rear drag system for ultra-smooth line release and quick, positive disengagement with a simple turn of the reel handle.

The wormshaft transmission ensures perfect line lay and the floating rotor line guard helps prevent tangles. Surprisingly lightweight for its size, this reel retrieves over one meter of line per turn! High-impact captive line clips enhance your accuracy and our quick torque drag system ensures you stay in control when it matters most.

## S HEROX SERIES CARP REELS

HEROX is a stylish, robust, large capacity reel range designed for the carp and specialist angler to tackle all conditions. Manufactured to high specification and featuring an ultra-smooth wormshaft transmission. Our Heli-Coil gearing provides ultra-flat line bed for smooth casting performance and impeccable line lay. Constructed from lightweight graphite; the body and rotor incorporate a floating rotor line guard, which helps to prevent any tangles. The sleek, matt black finish, black CNC anodised aluminium handle with dark wood barrel oozes quality. The spool is fitted with two high-impact, E-Z entry spring loaded captive line clips that will help with accuracy when casting at distance. Other features include 5+1 ball bearings, a gear ratio of 4.6:1 and an oversized twist free line roller. In addition, the ultra-smooth Quick-Torque drag system will greatly aid control when playing big fish.

SKU	DESCRIPTION	CAPACITY MM/M	WEIGHT

## HEROX SERIES SPOD REEL

The HEROX Spod Reel is a very stylish, robust reel, designed specifically for spodding. It comes with a shallow spool which has been pre-loaded with 200m of Hypa-Viz 30lb braid. Manufactured to high specification and featuring an ultra-smooth wormshaft transmission. Our Heli Coil gearing provides ultra-flat line bed for smooth casting performance and impeccable line lay. Constructed from lightweight graphite, the body and rotor incorporate a floating rotor line guard, which helps to prevent any tangles.

The sleek, matt black finish, black CNC anodised aluminium handle with dark wood barrel oozes quality. The spool is fitted with two high-impact, E-Z entry spring loaded captive line clips that will help with accuracy when casting at distance. Other features include 5 + 1 ball bearings, a gear ratio of 4.6:1 and an oversized twist free line roller.

Fitted with a large cranking handle and grip, each rotation retrieves 1.10m of braid, making spodding at range comfortable. We recommend the use of an additional shock leader (50-60lb) when spodding at distance.

**XTRACTOR + CARP REEL**

**NEW**

The Xtractor+ range of reels once again takes the Xtractor range to the very next level. The wormshaft gear system ensures excellent line lay and super smooth casting.

All models in the range feature a Quick-Torque drag system and a floating rotor line guard to ensure tangle free operation. With 'Quick Clik' folding handles, twin spring-loaded line clips and micro line lay adjustment washers, the Xtractor+ range offers exceptional value and performance.

There are three models to choose from, the Xtractor+ 5000, Xtractor+ GS (gold spool) or the sleek looking Xtractor+ 5000 Carbon.

All models complement our highly successful Xtractor rod ranges and are ideal for use with compact rods, short to medium range casting and floater fishing!

- > Micro line lay adjustment washers

## XTRACTOR+ GS CARP REEL

**NEW**

The Xtractor+ range of reels once again takes the Xtractor range to the very next level. The wormshaft gear system ensures excellent line lay and super smooth casting.

All models in the range feature a Quick-Torque drag system and a floating rotor line guard to ensure tangle free operation. With 'Quick Clik' folding handles, twin spring-loaded line clips and micro line lay adjustment washers, the Xtractor+ range offers exceptional value and performance.

There are three models to choose from, the Xtractor+ 5000, Xtractor+ GS (gold spool) or the sleek looking Xtractor+ 5000 Carbon.

All models complement our highly successful Xtractor rod ranges and are ideal for use with compact rods, short to medium range casting and floater fishing!

## XTRACTOR BLACK SERIES CARP REELS

A superbly balanced reel incorporating a host of features and with a clutch that is ultra-smooth. The Xtractor Black reels are ideally suited to use with the popular Xtractor and Xtractor Pro rods and form a classic partnership with the shorter, cork handle range. This sleek mini-big pit reels offer exceptional performance and value for money. Designed with a compact body making it ideal for use on small or medium size carp waters. However, don't underestimate the Xtractor Black reels when it comes to big fish, as these reels are capable of great things, in casting terms and particularly at close range, in the edge!

The sleek matt black finish and rubberised handle grip just ooze class while the wormshaft gear system offers a smooth, unhindered operation at all times. The ultra-responsive Quick-Torque front drag can be tweaked to suit the control, as and when required.

Other features that benefit these awesome reels are the twin spring-loaded captive line clips, high strength graphite body and rotor, open bail rotor lock and a floating rotor line guard which eliminates the line slipping under the spool.

# TOURNOS XD

- > High strength carbon composite body and rotor
- > Super-slow oscillation for perfect line lay
- > Quick-Torque drag system
- > QUIK-CLIK™ folding handle with wood grip
- > Twin spring-loaded line clips
- > Dual strength stainless steel main shaft
- > Open bail rotor lock
- > Oversized twist free line roller
- > Floating rotor line guard

## TOURNOS XD SERIES CARP REELS

For anglers fishing larger waters at longer range, the Tournos XD reels takes things to another level. With a longer coned spool and a super slow oscillation gearing, the line lay is perfect and will enable longer distances to be cast time after time. In addition, the Tournos XD reel features a 'Quick-Clik' folding handle, which makes it possible to position your rods close together on a pod, or alternatively, makes it quick and easy to pack away into a holdall at the end of your session.

With a barrel shaped wooden handle, smart ventilation slots machined into the spool, improved twin line clips and all the usual sold features from the original engineered into the reel, it will continue to provide many years of trouble free performance.

# TOURNOS GS

- > High strength carbon composite body and rotor
- > Super-slow oscillation for perfect line lay
- > Quick-Torque drag system
- > Sleek matt black handle with wood grip
- > Twin spring-loaded line clips
- > Dual strength stainless steel main shaft
- > Open bail rotor lock
- > Oversized twist free line roller
- > Floating rotor line guard

## Tournos GS Series Carp Reels

The Tournos GS 10000 reel really takes things to another level. Manufactured with a high strength carbon composite body and rotor, plus a sleek matt black handle and classy wooden grip, the Tournos GS 10000 is built to perform.

With a long classic gold-coloured coned spool and a super slow oscillation gearing, the line lay is perfect and will enable longer casts to be achieved time-after-time.

Key features include an oversized twist-free line roller, smart ventilation slots machined into the spool, plus improved spring-loaded, twin line clips.

Added to this there are all the usual solid features from the original Tournos 10000 concept engineered into the reel, so it will continue to provide many years of trouble-free performance.

SUBSONIK MONO & BRAID

# SUBSONIK

## MONO & BRAID

# SUBSONIK

Subsonik monofilament lines and braids have been painstakingly sourced and tested until we were confident that we could deliver a quality product that would perform to the max. Subsonik Monofilament has proven to be a popular choice for the angler looking for value and reliability. Within the range, Subsonik Invisicam has become the choice of the hardcore big fish angler, as it features a unique integral camouflaged pattern that blends into the topography. For the distance seeker, Subsonik Double Tapered Mainline offers an edge and for the harshest of waters, Subsonik Sinking Braid is without doubt the line to turn too. For spod and marker work we even offer a dedicated 300m spool of Subsonik Spod/Marker Braid, specifically for use with spods or marker floats. No range would be complete without the addition of Subsonik Invisicam Snag Leader and Subsonik Braided Shock Leader, ensuring safety in snaggy waters.

**Quality, reliability and outstanding value...Subsonik!**

# SUBSONIK

- > High knot strength
- > Minimal stretch
- > Amplified bite detection
- > Abrasion resistant
- > Super smooth
- > Casts with ease
- > Ultra-strong
- > Available in brown, green, camo and clear
- > Available in 1200M and 3000M spools

- > Cross brace net retainer
- > Isotope slot (12x2MM)
- > Compatible with all net arms up to 13MM diameter

SKU	DESCRIPTION
CC0006	SONIK SPREADER BLOCK

## SONIK OLIVE NET MESH

- > Compatible with all 42" Landing nets
- > Free-flowing hexmesh sides
- > 95cm Depth with super soft base mesh
- > Mesh retaining loop

SKU	DESCRIPTION
CC0007	SONIK OLIVE NET MESH 42"

## SONIK S1 LANDING NET

- > Lightweight carbon composite handle 180cm length
- > Compact spreader block and oversize arms for easy assembly
- > Medium depth olive green mesh
- > Sleek matt black finish with stylish discrete graphics

SKU	DESCRIPTION
SS1LN1	S1 LANDING NET 42" 1PC

# HEROX

- > Available in (6ft-182cm) or (8ft-243cm) handle lengths
- > Two-piece handle for easy transportation
- > Slim and stiff two-piece carbon handle and net arms
- > Reinforced carbon composite spreader block with net mesh retainer
- > Medium depth for maximum versatility (1.10m)
- > Easy flow deep green hex mesh
- > Anodised and laser etched butt cap
- > Supplied in drawstring case

## HEROX 42" LANDING NETS

The HEROX 42in landing nets seamlessly combine durability with lightweight construction and are manufactured with the same careful attention to detail as our rods. They feature slim, lightweight and strong handles with ergonomic shrink wrap grips.

Available in two lengths, the 6ft two-piece variant is the perfect allrounder and the 8ft two-piece model is perfect for those who require extra reach, or the dual function of a one-piece 4ft boat net handle.

Super stiff net arms with curved end protectors are matched to a medium depth, olive green mesh, which can be tucked into the spreader block retainer for easy manoeuvrability and quick release.

SKU	DESCRIPTION
CC0011	HEROX LANDING NET 42" 2PC 6FT
CC0012	HEROX LANDING NET 42" 2PC 8FT

# XTRACTOR

## XTRACTOR 42" T44 LANDING NET

The XTRACTOR landing net is built to perform; featuring a stiff telescopic 2-piece handle with fittings that are glued and pinned for ultimate reliability. The tough glass filled Nylon spreader block has a shaped cross brace for mesh retention, allowing quick net manoeuvre and smooth mesh release. Reinforced olive green 42" mesh with free-flowing hex mesh on the sides and a super soft base mesh. A generous depth of 95cm strikes a perfect balance for temporarily holding fish and moving quickly through the water.

- > (T44) Transport length 44" (127cm)
- > 2pc 1.86cm handle length
- > Stiff carbon composite handle and net arms
- > Tough glass filled nylon spreader block with net retainer
- > Free-flowing hexmesh sides
- > 95cm depth with super soft mesh base
- > Reinforced mesh stitching
- > Anodised and laser etched butt cap

## XTRACTOR 42" T30 LANDING NET

The XTRACTOR RECON landing net has been designed to complement our shorter retractable butt carp rods with a transport length of only 30 inches, whilst still being a full 42" size landing net. This has been achieved by both the net arms and handle having telescopic construction. The net features a stiff single telescopic 3-piece handle with fittings that are glued and pinned for ultimate reliability.

The tough glass filled Nylon spreader block has a shaped cross brace for mesh retention, allowing quick net manoeuvre and smooth mesh release. Reinforced olive green 42" mesh with free-flowing hex mesh on the sides and a super soft base mesh. A generous depth of 95cm strikes a perfect balance for temporarily holding fish and moving quickly through the water.

- > (T30) Transport length 30 inches (76cm)
- > 3pc 1.80cm handle length
- > Stiff carbon composite handle and net arms
- > Tough glass filled nylon spreader block with net retainer
- > Free-flowing hexmesh sides
- > 95cm depth with super soft mesh base
- > Reinforced mesh stitching
- > Anodised and laser etched butt cap

# BIVVIES & SHELTERS

The SK-TEK 60" BROLLY is ideal for those quick overnight sessions for the angler who wants minimal cover with maximum protection.

Manufactured using 5,000MM HH 210 PU backed polyester with storm wings and a rain gutter to ensure the angler stays comfortable and dry.

## SK-TEK 60" BROLLY

The brolly has been designed with a low-profile central boss for increased internal space.

The removable 'quick set-up pole' allows for a quick set-up and break down. The front of the SK-TEK 60" BROLLY offers the option of a roll back feature for increased visibility. The support frame is manufactured from lightweight, yet strong and rigid 8mm fibreglass and with the addition of two 26" quick connect storm poles, provides a very stable shelter.

Also supplied with a Tuff-lite™ removable groundsheet, heavy-duty T-pegs and an oversize carry bag for storage and transportation.

- > Lightweight and rigid 8mm fibreglass frame
- > Low profile central boss for increased internal space
- > Comes complete with two 26" quick connect storm poles
- > Supplied with oversize carry bag and heavy-duty T-pegs
- > 5,000MM HH 210 PU backed polyester
- > Tuff-lite™ removable groundsheet
- > Storm wings and rain gutter for extra protection
- > Supplied with quick set-up central pole
- > Velcro rod retainers and roll back open front option

Zip-in brolly front

**OPTI-CAM 60" BROLLY****NEW**

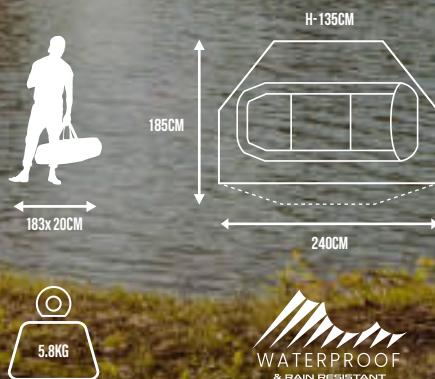

The addition of a quick set up central pole allows you to have the brolly up and pegged down within a minute. Once erected the central pole can be unscrewed and stored until pack-down. Other features include two 26" quick connect storm poles and four storm pole adaptors.

Also included is a Tuff-lite™ removable groundsheet, oversized carry bag and a set of heavy-duty T-pegs. (Universal front panel is available as a separate item).

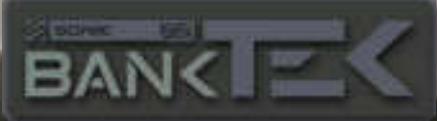

- > Premium OPTI-CAM HD camo fabric
- > Lightweight and rigid 8mm fibreglass frame
- > Low profile central boss for increased internal space
- > 210D 10,000mm HH waterproof
- > Tuff-lite™ removable groundsheet
- > Storm wings and rain gutter for extra protection
- > Three different height pegging points for multiple setup options
- > Supplied with quick set-up central pole and safety cap
- > Comes complete with two 26" quick connect storm poles and four storm pole adaptors
- > Velcro rod retainers and roll back open front option
- > Supplied with oversize carry bag and heavy-duty T-Pegs

**OPTI-CAM  
60" BROLLY**

A traditional style 60" brolly manufactured using our premium OPTI-CAM H-D camo 210D 10,000mm HH waterproof fabric. Featuring several design updates, bringing it bang up to date to meet the needs of the modern-day carp angler! The fibreglass frame is both lightweight and extremely rigid. The enlarged side wings that wrap around to the front of the brolly, provide extra protection for you and your kit.

The SK-Tek Euro Bivvy has been designed with the long session angler in mind. The flat back and steep, rectangular sided footprint maximizes internal space, allowing two anglers to utilise the bivvy on longer sessions. Designed with sturdy and lightweight four-sectioned 19mm 6061 aluminium poles.

## **S SK-TEK EURO BIVVY**

Other features include a full zip in Tuff-lite™ groundsheet with a central corridor mat, 10,000mm HH 210 PU backed polyester construction and a rear vent that be opened from inside the bivvy. There is also a large peak at the front for added protection from rain. Optional extras include a vapour cap and a heavy-duty groundsheet.

- > 10,000mm HH 210 PU backed polyester
- > Flat back, steep sided rectangular footprint to maximize internal space
- > Two-way letterbox door with green clear and mozzi door panels
- > Sturdy and lightweight four-section 19mm 6061 aluminium poles
- > Rear vent can be opened from inside the bivvy
- > Tuff-lite™ Zip in groundsheet with central corridor mat
- > Velcro rod retainers and roll back open front option
- > Large peak for doorway protection
- > Large front ventilation options
- > Supplied with oversize carry bag and heavy-duty T-Pegs

## S AXS V2 BIWVY

- > New AXS ALLOY centre block for increased strength, quick setup and pack down
- > 16,000mm HH Cloudbase+™ fabric
- > Lightweight anti-twist 6061 aluminium frame
- > Ultra-strong reinforced double wall thickness poles in high-stress areas
- > New Direct-mount™ vapour cap attachment points
- > High, flat back shape for increased space and headroom
- > Oversized front peak with rain drip guard for extra protection
- > Zip on/off front panel complete with mozzie vents either side of the door
- > Two-way letterbox door system with green, clear and mozzie door panels
- > Front and rear internal mesh storage pockets
- > Heavy-duty 'zip-in' or 'clip-in' groundsheet with fold back door entry flap
- > Advanced dura-mesh™ three-way vents on rear that can be opened from inside the bivvy
- > Both front and back vents have Watershed™ vent bars allowing ventilation in wet weather
- > Supplied with two 48" quick connect storm poles, oversize compression bag & heavy-duty T-pegs

Following on from the success of the highly acclaimed AXS Bivvy the AXS-V2 Bivvy is built around the super strong AXS ALLOY central hub and lightweight anti-twist 6061 aluminium frame, that provides an ultra-quick and super stable setup. The canopy has been upgraded to our new 16,000mm HH Cloudbase+™ fabric which is tough, light and extremely waterproof.

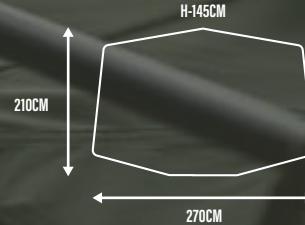

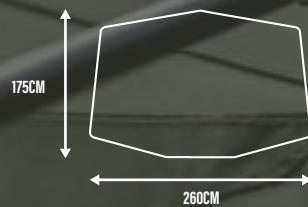

SKU	DESCRIPTION	DIMENSIONS (M)	WEIGHT
DC0035	AXS-V2 BIWVY	ASSEMBLED: W2.60 D1.75 H1.37 / TRANSPORT: L1.50 D0.27	9.6KG

DC0039	AXS-V2 WRAP	ASSEMBLED: W2.70 D2.10 H1.45 / TRANSPORT: L0.55 D0.18	3.6KG

The AXS-V2 Vapour Cap has been designed to compliment the AXS-V2 Bivvy. It is quick and easy to fit to the bivvy via the 'Direct-mount' attachment points and will help to reduce condensation and regulate bivvy temperature. Manufactured from our high quality 16,000mm HH Cloudbase+™ fabric.

The AXS-V2 Wrap has been designed to compliment the AXS-V2 Bivvy and is perfect for long session angling where additional space, cover and warmth are required. Manufactured from our 16,000mm HH Cloudbase+™ fabric, the wrap offers greater protection from both rain and wind and is totally waterproof. The front features a two-way letter box door system with green, clear and mozzi door options. Additional features include two dual rod straps and a front skirt for extra protection. Supplied in an oversized compression bag with heavy-duty T-pegs.

Following on from the success of the highly acclaimed AXS XL Bivvy the AXS-V2 XL Bivvy is built around the super strong AXS ALLOY central hub and lightweight anti-twist 6061 aluminium frame, that provides an ultra-quick and super stable setup and quick pack down. In addition the AXS-V2 XL has been manufactured using ultra-strong reinforced double wall thickness poles in high stress areas. The canopy has been upgraded to our new 16,000mm HH Cloudbase™ fabric which is tough, light and extremely waterproof.

## **S BANK-TEK 5 SEASON SLEEPING BAGS** NEW

The Bank-Tek 5-Season Sleeping Bags offer maximum insulation, all year round use and is extremely efficient at keeping you warm. Constructed from water resistant, hard wearing and breathable 190T ripstop fabric. We have used quality materials throughout to make sure this bag performs season after season.

The high-quality silicone treated hollow fibre fill maintains its loft for maximum heat retention. A new hood design gives maximum versatility and allows enough movement for the bag to form around you no matter what your preferred sleeping position.

There is a fleece lined upper for warmth and a smooth polyester lined base for easy movement inside the bag. With an additional smooth polyester stubble guard neck lining, the head and foot sections both have drawstrings that allow you to thicken the insulation and eliminate cold spots for a cosy night's sleep. The last feature is a wide fold out mosquito head net which comes in very handy on those calm summer nights under the stars.

- > Water resistant 90T Ripstop outer material
- > Full 5-season thickness insulation
- > High quality silicone treated hollow fibre fill
- > More efficient internal zip baffles
- > New improved head and foot hood design
- > Removable elasticated centre strap
- > Oversized No.10 coil crash zips with wide webbing anti-snag guides
- > Smooth polyester lined base for easy movement
- > Micro-fleece lined top cover with smooth stubble guard neck lining
- > Foot drawstring to eliminate cold spots
- > Fold out mosquito head net panel
- > Internal hand warmer pockets/neck baffles
- > Pillow retaining hood with effective drawstring compression system
- > Full compression bag

## **S** BANK-TEK SLEEP SYSTEMS NEW

The Bank-Tek 5 Season Sleep Systems are warmer, lighter and packed with features. They are constructed from water resistant, hard wearing and breathable 190T ripstop fabric. The high-quality silicone treated hollow fibre fill maintains its loft for maximum heat retention. A new hood design gives maximum versatility and allows enough movement for the bag to form around you no matter what your preferred sleeping position. There is a fleece lined upper for warmth and a smooth polyester lined base for easy movement inside the bag.

With an additional smooth polyester stubble guard neck lining, the head and foot sections both have drawstrings that allow you to thicken the insulation and eliminate cold spots for a cosy night's sleep. The last feature is a wide fold out mosquito head net which comes in very handy on those calm summer nights under the stars.

The bedchair is constructed using steel and aluminium for the frame with a 100 per cent flat profile. The legs are spread offering a low profile and each leg has a short foot section for extra strength and security. The feet are adjustable via the Grip-Lok™ leg mechanism, allowing for easy and secure height adjustment. The legs are also strengthened double tube legs, which all have large swivel mud feet. The twin folded hinges give the bed a completely flat profile and allow enough room for the sleep system to fold up more compactly. All bolts, washers and fixings are of stainless-steel construction, adding lightness and strength. Lastly, there are two convenient side storage pockets for a phone or car keys.

# AXS

## AXS LEVELBED COMFORT MEMORY FOAM

The AXS Levelbed Comfort Memory Foam offers ultimate comfort for the session angler who is looking for a lightweight and exceptional quality levelbed. Designed with a memory foam mattress and a completely flat profile, the mattress cover is manufactured from a new hard-wearing but soft Velvotex™ material for a touch of luxury. It also features wrap around lumbar support that allows you to tune the firmness of the bed to your preference. The full aluminium frame has been given longer legs for increased ground clearance and all legs feature lock-out brackets. Oversized double hinges allow you to pack your levelbed away with a sleeping bag attached and the double compression straps keep everything compact for easy transport. All legs feature our spring loaded channel lock leg adjusters with large mud feet to ensure an even and comfortable sleeping position.

- > 60mm memory foam comfort mattress contours to your body, providing superior levels of comfort
- > Super-light aluminium alloy frame with longer legs and secure lock-out brackets
- > Flat profile with wrap-around lumbar support for tailored firmness
- > New Velvotex™ material for a touch of luxury
- > Spring loaded channel lock leg adjusters with large rotating mud feet
- > Oversized twin bracket folding to allow sleeping bag storage
- > Two side tension straps for compact storage
- > Two convenient side storage pouches

## AXS SLEEP SYSTEM COMFORT MEMORY FOAM

Introducing the ultimate in bankside sleeping luxury. The AXS Sleep System Comfort Memory Foam is constructed with precision and utilises advanced lightweight materials designed for maximum comfort. The all aluminium frame has a completely flat profile and features a wrap around lumbar support that allows you to tune the firmness of the bed to your preference. All legs are slightly longer for increased ground clearance and incorporate lock-out brackets with spring loaded channel lock adjusters and large mud feet. Oversized twin brackets and dual compression straps allow you to pack the system away quickly and easily.

The sleep system bag is a full dual layer system with a reversible and removable inner top layer which is perfect for 3 or 5-season use. The bag also features our unique EXPanda™ attachment system which has a number of benefits over traditional sleep systems. Firstly it allows expansion of the bag to suit the user and their preferred sleeping position; removing the feeling of being restricted inside the bag. Secondly it allows the insulation to move closer to your body for extra warmth and prevents cold air spots forming around you sides and feet (particularly useful for side sleepers). It also allows for both head and foot drawcords which give you more options to tailor the position of insulation to your needs. The bag is topped with a soft water resistant peach skin material and the top duvet features both hand tuck pockets and smooth stubble guard. The AXS Sleep System Comfort Memory Foam is sure to keep you warm, dry and comfortable no matter what conditions you are faced with.

### BAG FEATURES:

- > Dual layer construction with reversible/removable inner cover; select fleece or smooth polyester
- > EXPanda™ attachment system for extra warmth and versatility
- > Full five-season thickness
- > High quality silicone treated hollow fibre fill

## **S** BANK-TEK LAYERZ ALL-SEASON SLEEPING BAGS NEW

FLEECE LINING

POLYESTER LINING

As its name suggests, the Bank-Tek Layerz Sleeping bag has been constructed with an extra reversible/removable inner cover. This allows you to customize the warmth of the bag between summer and winter use and also switch between either fleece or smooth polyester lining. Constructed from water resistant, hard wearing and breathable 190T ripstop fabric. We have used quality materials throughout to make sure this bag performs season after season.

The high-quality silicone treated hollow fibre fill maintains its loft for maximum heat retention. A new hood design gives maximum versatility and allows enough movement for the bag to form around you no matter what your preferred sleeping position. There is a fleece lined upper for warmth and a smooth polyester lined base for easy movement inside the bag.

With an additional smooth polyester stubble guard neck lining, the head and foot sections both have drawstrings that allow you to thicken the insulation and eliminate cold spots for a cosy night's sleep. The last feature is a wide fold out mosquito head net which comes in very handy on those calm summer nights under the stars.

# STORZ LUGGAGE

# STORZ

The SONIK STORZ™ luggage brings a new concept to modular fishing kit storage. All of the STORZ™ range are designed to be modular and stackable but also rugged and built to last.

They feature our new RIGIDZ™ internal steel frame that provides support so that these bags can stack on top of each other to create many different storage layout options. The range is split into two height and three length options.

All STORZ™ LOW products have a height of 22cm which is perfect for under bedchair storage. Heavy duty waterproof EVA bases and side grab handles make these bags ideal for sliding underneath your bedchair. It also makes them perfect for middle or top tier options when you want to stack your STORZ™ system.

The other STORZ™ models all have a height of 32cm; these are great for general all-round storage options and as base units for when you want a stacked storage unit. Lengths are split into three options of 20, 40 and 60cm which allow you to create all sorts of modular layout options. To complete the range are two tabletop products which are compatible with the 40 and 60cm sizes respectively. These are great for turning your STORZ™ system into a full bivvy table unit when required.

## STORZ LUGGAGE

- > STORZ™ rugged, modular, easy access and stackable luggage system
- > RIGIDZ™ steel frame allows for a foldable and stackable design
- > Heavy duty waterproof moulded EVA base

FC0049	XTRACTOR 2/3 ROD SLEEVE 10FT

# XTRACTOR

Sonik have introduced the ultimate 3-rod transport system. Sized to fit three retractable butt carp rods with 44" or 50" pack down lengths. Thanks to the intelligent adaptable design the system will accept rods with different handle lengths.

Placing rods on the inner fold out lid allows you quick access to your tackle in the three removable pouches that are perfectly stored under your bedchair.

The Transport system will also fold for easy storage and is made from our ultra tough PVC backed 600D Bank-Tek camo material with a heavy-duty waterproof base material.

There are also two top compression straps for extra accessories and the carry straps can double as a rucksack harness.

The Xtractor 3-Rod T30 and T50 Transport System is a well thought out piece of kit and offers storage and security for up to three 8ft or 6ft Xtractor rods and reels. The clever design offers plenty of storage for additional items like terminal tackle, bite alarms, personal kit and has a landing net pocket at the front. Carry as a rucksack or transport it to your swim on a barrow.

## XTRACTOR 3-ROD TRANSPORT SYSTEMS

### T-30

- > Designed to carry up to three Xtractor 8ft or 6ft rods
- > Space at each end to store tackle and accessories
- > Soft lining with velcro dividers

# SONIK **SIZZLA**

## **SIZZLA POS LOADED DEAL**

The SONIK SIZZLA range of cookware has been designed with ultimate adaptability, convenience and versatility in mind. The SIZZLA Multi-Pan is the perfect size for a wide variety of meals with its 30mm depth and wide rectangular profile. It is also ultimately portable with a removable handle that features our super tough and secure T-Lock attachment system.

The Sonik Sizzla Multi-Pan Set features a second pan that also functions as a lid which really opens up your options for cooking various dishes in a quick, clean and efficient manner. Deep fill toasted sandwiches are also no problem and you are only limited by your imagination.

Of course, our strengthened D-Hinges allow you to separate the pans and have the option of a smooth or griddle pan cooking surface.

The Sonik Multi-Pan Deep has been designed to function as a multi-use saucepan and is the perfect size for Pasta, Rice, Stew, Curry or Stir-fry dishes. Again, you can use the lid as a separate pan or keep it place to offer a sealed clean and efficient cooking solution.

All three pans in the range come with our unique multi-purpose separating tongs which offer four cooking utensils in one.

**Order individually or buy 10 Multi-Pans, 10 Multi-Pan Sets and six Multi-Pan Deep and receive a FREE POS display unit!**

- > Sized to fit folding digital scales
- > Internal accessory pocket for carp care items
- > Lined and padded for extra protection
- > Hardwearing and water resistant 600D fabric
- > Oversized No.10 zips with easy grab pullers

SKU	DESCRIPTION
HC0091	SONIK DIGITAL SCALES POUCH

## **XTRACTOR FOLDING CRADLE** NEW

The Xtractor Folding Cradle provides maximum protection and is easy to transport and store when not in use. It is manufactured from 50mm dual density foam with a PVC coated base, which allows the cradle to float when returning fish or photographing your capture in the water. The clever fold and security zip allows the cradle to be folded in two to half its size when not in use. The inner chamber of the cradle is very fish-friendly and it has semi-rigid, padded walls, to protect large fish while they are being un-hooked. When in fold mode the cradle can be used as a stalking bag and items can be carried to the bank in the inner chamber. Suitable for the carp or specialist angler on lakes and running water. Other features include side buckles for attachment to the Xtractor rucksack and side carry handles.

- > Provides maximum protection and fish safety
- > Zip up compact transport dimensions
- > 50mm dual density foam with PVC coated base
- > Dual waterproof protection so mat can float
- > Padded semi rigid side walls
- > Can also be used as a small stalking bag
- > Side buckles for attachment to XTRACTOR rucksack
- > Side carry handles

## **XTRACTOR FOLDING SLING** NEW

To compliment the Xtractor Folding Cradle we have developed a folding sling that can be stored inside the cradle for easy transportation. Ideal for both the carp and specialist angler and made from durable 210D polyester material with reinforced webbing ends. Featuring a very soft quick drain mesh bottom for quick and easy release of water when weighing or returning fish.

- > Compact folding weigh sling
- > Fits neatly inside the XTRACTOR Folding Cradle
- > 210D polyester material with reinforced webbing ends
- > Soft quick-drain mesh bottom
- > Zipped at each end for easy release

SKU	DESCRIPTION	DIMENSIONS (CM)
GC0010	XTRACTOR FOLDING SLING	OPEN: W102 D55 H19 / TRANSPORT: L60 D10

# ROD PODS & SUPPORT

## HEROX ROD PODS

The HEROX rod pods are available in either a two or three rod model. They are compact, stable, quick to setup and perfectly adaptable for any fishing situation. They come in a useful fold-out padded case that allows you to keep your alarms and back rests attached to your buzz bars when stored. The goal post style buzz bars and banksticks can also be used without the base unit on softer ground. Compact in size but fully adjustable in both length and height, they feature a sleek matt black finish throughout.

- > Lightweight aluminium construction
- > Comes with padded fold-out storage case
- > Adjustable in both height and length
- > Compact transport size
- > Use as a pod or goal post bankstick setup
- > Reel spacing 17.5cm

SKU	DESCRIPTION	DIMENSIONS	WEIGHT
HC0098	HEROX 2 ROD POD	W22.5 L52-75 H21.5-40CM / TRANSPORT: W51 H10 D18CM	830G
HC0099	HEROX 3 ROD POD	W42.5 L68-97 H21.5-40CM / TRANSPORT: W57 H10 D18CM	990G

## XTRACTOR TRI-PODS

The XTRACTOR TRI-PODS provide a quick and stable solution that is perfect for anglers on the move and find themselves fishing on a variety of bankside terrain. The tripod consists of a hinged buzz bar and three adjustable length banksticks and is quick to setup by folding out the two side banksticks and locking them into position. Once the centre bankstick is attached the tripod can be set at a fixed angle or adjusted for the ideal setup. The buzz bar features locking collars for perfect alarm alignment and you can also use the tripod as a traditional buzz bar setup by removing the outer legs. Available in 2 and 3 rod versions.

- > Quick setup tripods perfect for roving anglers
- > Available in 2 and 3 rod versions
- > Chunky 16/20mm construction
- > Lightweight aluminium with Pozi-lock alignment system
- > Foldout side legs with adjustable angle centre bankstick
- > Can also be used as traditional buzz bar setup
- > Rod spacing: HC0016: 20.5CM / HC0017: 15.5CM

SKU	DESCRIPTION	DIMENSIONS	WEIGHT
HC0016	XTRACTOR 2-ROD TRI-POD	W35-44 D24-37 H21.5-32CM / TRANSPORT: W23 H10 D5CM	325G
HC0017	XTRACTOR 3-ROD TRI-POD	W52 D32-52 H31-48CM / TRANSPORT: W33 H8 D5CM	415G

## XTRACTOR ROD PODS

The Xtractor rod pods provide the ultimate in stability, adaptability and convenience. The clever design allows you to convert the pod into a large variety of bankside setups. Traditional T-post, goalpost, H-post and Y-post bankstick layouts give you options to handle most ground conditions. The adjustable centre bar can also be used as a stage stand for wooden platforms. The unique two-stage angle adaptors allow multiple height options and provide a wide stance for ultimate stability. Pod deployment is quick and easy thanks to the clever carry case which has dedicated space for bite alarms and back rests.

- > Strong + light aluminium construction > Cam-lock height adjustment
- > Superior quality black anodised finish > Adjustable centre bar with stage stand setup
- > Highly customisable setup options > Two-stage angle adaptors for ultimate stability
- > Pozi-lock alignment collars > Padded carry case

## XTRACTOR GT-3 ROD POD

The XTRACTOR GT rod pod is the big brother to the other more compact XTRACTOR rod pods. It has an extended length main bar and longer adjustable length legs to cope with even more extreme terrain. Providing ultimate stability, adaptability and convenience. The clever design allows you to convert the pod into a large variety of bankside setups. Traditional T-post, goalpost, H-post and Y-post bankstick layouts give you options to handle most ground conditions. The adjustable centre bar can also be used as a stage stand for wooden platforms. The unique two-stage angle adaptors allow multiple height options and provide a wide stance for ultimate stability. Pod deployment is quick and easy thanks to the clever carry case which has dedicated space for bite alarms and back rests.

## STANZ ALL-TERRAIN LITE 3-ROD POD

The STANZ All-Terrain Lite 3 rod pod has been designed with the ultimate adaptability in mind and offers both low and high rod positioning. Featuring four adjustable short legs and two longer 76cm legs all with camlock lever adjustment, giving the pod stability on all types of terrain. The leg positions are adjustable along the main shaft of the pod giving endless setup options. Supplied with three rod, front and back buzz bars with uprights which incorporate pozi-lock alignment. Comes supplied with fold out carry case for safe storage.

- > Ultimate adaptability with low or high rod positions
- > Lightweight aluminium construction
- > Buzz bars feature Pozi-lock alignment system
- > Body length and leg position adjustable
- > Four adjustable shorter legs
- > Comes supplied with two additional longer 76CM legs
- > Includes zipped padded carry bag

SKU	DESCRIPTION	DIMENSIONS	WEIGHT
HC0050	STANZ ALL-TERRAIN LITE 3-ROD POD	W38-115 L74-1257 H32-150CM / TRANSPORT: W80 H8 D23CM	1.53KG/2.35KG

## STANZ ROD PODS

The STANZ rod pod is designed to tackle any terrain and keep your rods stable. Ultimate adaptability and durable all metal construction. With three leg angles you can have your rods low; almost vertical or anything in-between. The leg positions are adjustable along the length of the pod and this gives you almost endless setup options. Supplied with a pair of longer legs and either 3 or 4 rod pozi-lock buzz bars. Also comes supplied with fold out carry case with indicator pocket and space to keep your alarms and back rests attached for an ultra-quick setup.

- > Lightweight aluminium construction
- > Buzz bars feature Pozi-lock alignment system
- > Body length and leg position adjustable
- > Includes padded storage case
- > Comes supplied with two extra-long 92CM legs

SKU	DESCRIPTION	DIMENSIONS	WEIGHT
HC0001	STANZ 3 ROD POD	L81-137 H41-155CM	2.5KG / 3.8KG
HC0002	STANZ 4 ROD POD	L81-137 H41-155CM	2.6KG / 3.9KG

## SONIK HEAVYWEIGHT PADDED JACKET CAMO

The perfect outer garment in our unique camo pattern, designed to keep out the wind and rain and provide the angler with an ultra-warm garment that looks super cool on the bank. The Heavy Weight Camo Jacket has been developed as a practical, yet functional garment, that is both waterproof and breathable with an outer shell of 100 per cent nylon, 230T taslon. Featuring fully taped seams, insulated inner lining for warmth and fully breathable.

Other features include quality YKK front zip and storm flap for total protection plus draw cord waist. In addition, there are two main front pockets with top and side access, side arm pocket, inner phone pocket, fully adjustable hood, Velcro storm cuffs and classy rubberised badge detail. Available in four sizes, medium, large, XL and XXL.

- > Outershell 100% Nylon, 230T taslon
- > 5000/5000 waterproof/breathable
- > Fully taped seams
- > Fully Insulated
- > Storm flap main zip
- > Rubberised badge detail
- > Adjustable hood

- > **Twin tips:** Three Quiver tips included; 4,5 and 6oz

## XTRACTOR+ SPECIALIST SERIES RODS

XTRACTOR is one of our longest serving and most successful rod ranges ever and for a good reason. The previous ranges set new standards in terms of performance, quality, reliability and value for money, demonstrating perfectly our carbon engineering prowess. So, it is with great pleasure that we introduce the new XTRACTOR+ Specialist range. We've now been able to incorporate high modulus C6 carbon into all the XTRACTOR+ blanks, making them even lighter and more responsive. The new RAW carbon finish is super tough and gives a glimpse into the internal construction of the blank. Built using super-light M Series DL black guides, a deluxe matt black DPS reel seat and a slim Japanese shrink rubber handle with a subtle flared grip. The range covers Specialist Float, Avon and Barbel rods and includes two Specialist Twin-Tip models. Xtractor+ once again sets a new standard in compact specialist rods!

- > Small and large clip on isotope holders
- > M-Series guides with anti-frap tip
- > Full slim cork handles
- > Screw winch reel seat

# SONIK ANGL-R BARBEL RODS

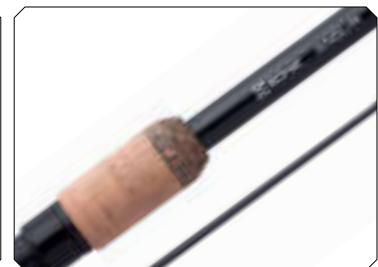

The Angl-R barbel rods has been specifically designed for barbel fishing on rivers in the UK and Europe.

Manufactured from high modulus carbon and featuring a very powerful butt section the blank has a progressive through action that can control big fish with ease.

The Avon tip is ideal for float fishing, rolling meat or static bait fishing. The Avon tip has been finished with a special luminous coating that will glow in the dark after it has been subject to a light source, such as a head lamp.

The blank has been fitted with M-Series guides which are spaced to allow the blank to perform as a barbel rod should do, with a nice progressive through action. Other features include an anti-frap tip guide, a screw down reel seat and a high-grade slim cork handle. For those that fish at night, the rod comes with two clip-on Isotope holders (small & large) which will accommodate 2.2mm or 3mm isotopes which fit to the rod tip with ease and house an Isotope night light.

## SONIK ANGL-R TWIN TIP ROD

The Angl-R Twin Tip rod has been specifically designed for specialist fishing on rivers in the UK and Europe.

Manufactured from high modulus carbon and featuring a very powerful butt section the blank has a progressive through action that can control big fish with ease.

There are two tips with this model, both Avon style and finished with a special luminous coating that will glow in the dark after it has been subject to a light source, such as a head lamp. The tips are rated 1.25lb and 1.75lb and are suitable for a number of species from chub to barbel. The blank has been dressed with M-Series guides which are spaced to allow the blank to perform as a specialist river rod should do, with a nice progressive through action.

Other features include an anti-frap tip guide, a screw down reel seat and a high-grade slim cork handle. For those that fish at night, the rod comes with two clip-on Isotope holders (small & large) which will fit to the rod tips with ease and house an Isotope night light.

## ANGL-R FS SPECIALIST REELS

The Angl-R 5000FS and 6000FS reels are both ideal for the specialist angler that wants the benefit of a free spool mechanism. Both the 5000FS and 6000FS reels are designed with a lightweight graphite body/rotor and feature a 4 plus 1 ball bearing with a 5.1:1 gear ratio.

They are both ultra smooth and each comes supplied with a spare graphite spool. Other features include an independent free spool rear drag, micro adjust front drag and a CNC machined solid aluminium handle with a wooden hand grip.

Ideal for all manner of specialist fishing particularly big barbel on flowing water.

# SHORE RODS

## VADER XS SERIES

A range of incredible value surf rods that deliver unbeatable performance for the price. Available in four lengths to cover most shore fishing applications, the blanks are well balanced with a progressive casting action and excellent bite registration.

### SPECIFICATION

- Multi modulus carbon fibre blanks with progressive casting action
- Larger guides feature XD frame for greater ceramic impact protection
- Zirconium Oxide Guides
- Ringing pattern compatible with both fixed spool and multiplier reels
- High impact rubberised end cap
- Anti-Frap tip ring
- High quality DPS Reel fitting
- White hi-visibility tip for easy bite detection

 SKS BLACK SERIES

The SKS Black shore rods bring the world of top end surf rods to a whole new accessible level. Featuring upgraded more powerful yet lighter blanks from its SKS shore rod predecessor that will suit every casting ability easily. Each rod is individually tailored to offer the perfect 'all round' action, which mean they are as effective on clean ground as they are in heavy terrain. Finished in new eye catching graphics with a white tip to improve bite detection. Each rod comes finished with a custom sliding reel seat to fit reel up or reel down casting styles.

## SPECIFICATION

- › Powerful carbon fibre blanks with smooth casting action
- › K-style, braid friendly guides
- › 3D ceramic high-protect frames
- › Multiplier and fixed spool compatible ring pattern
- › Custom SONIK 'Slide-Lock' reel seat for perfect placement
- › Hi visibility rod tip
- › Surface joint grip for easy rod dismantling (13' and 14' models)
- › Supplied with quality bags

## DOMINATOR XS SERIES

The Dominator XS shore rods are designed to excel for the serious shore angler who regularly targets a wide range of species from a variety of marks. Top build quality using only the highest standard of rings and fittings will ensure these rods provide many years of pleasure for the committed shore angler. Rung to suit both multiplier and fixed spool users, the lightweight yet powerful 24T carbon blanks will launch a baited rig to the required mark with ease.

### SPECIFICATION

- › Powerful 24T slim and lightweight carbon blanks
- › Suitable for multiplier or fixed spool use
- › Seaguide K style guides
- › Reflective tip
- › Shrink wrap handle
- › Rubber butt cap
- › Supplied with a rod bag

## GRAVITY X5 SHORE ROD

An extremely powerful 14' two piece shore rod that excels when fishing rough or heavy ground marks where the ability to lift strong fish from kelp infested rock marks is vital to success.

The Sonik Gravity X5 is surprisingly slim and light to hold, thanks to the very latest Nano-fibre carbon blank construction. Super fast recovery with a stiff powerful butt section for hitting extreme range when casting. Capable of extreme distance casting with minimum effort, this rod can also be used across a wide range of terrains from heavy rock marks to long range surf beaches. Suitable for multiplier or fixed spool, with sliding locking reel seat meaning it can be used for up or down the butt casting styles.

### SPECIFICATION

- › Ultra-High modulus, low resin carbon construction
- › X5 multi-directional Nanofibre tip section lay-up
- › Fuji Alconite guides with sleek black finish and anti-wrap tip ring
- › Double leg 3D guide frames for increased support and ceramic protection
- › Grip paint above and below joint section
- › High quality Japanese shrink wrap handle
- › High impact rubberised end cap
- › Weight: 769G

**GRAVITY X5**

SHORE RODS

SKU	DESCRIPTION	CLASS
GRAVX5014	GRAVITY X5 14' 5-7OZ 2PC	5-7OZ

## GRAVITY X5 HT SHORE ROD

The Gravity X5 HT has been specially designed with a hollow carbon fibre tip section (HT), which not only sits very well in the tide but has a very fast recovery. Coupled with a super lightweight high modulus carbon blank, the Gravity X5 HT Shore Rod brings power you can rely on and the sensitivity to feel the subtlest of bites when fishing at long range.

Ideal for distance casting with heavy baits such as crab, particularly when fishing at long range in heavier swells, but is equally at home for shorter range and lighter bait presentations.

The specially designed hollow tip (HT) not only sits very well in the tide but has a very fast recovery allowing the angler to cast huge distances with a simple overhead cast. This is a true 'all round' three-piece rod that will cope with Smoothhound and Rays without having to use a much heavier rod and sacrificing distance.

### SPECIFICATION

- › Super lightweight high modulus carbon blank
- › X5 multi-directional nanofibre tip section lay-up
- › Fuji Alconite K Series guides
- › Fuji corrosion control frames provide seven-times more corrosion resistance
- › Fuji DPS reel fitting
- › Shrink wrap on the lower handle to improve grip whilst casting
- › White hollow carbon tip for easy bite detection in poor light conditions
- › Unground carbon finish at rod joints makes it easier to take apart after use
